

MERCHANTS OPEN 2-DAY BARGAIN FETE TOMORROW

"Have you heard?"
Once again the answer has been given to this oft repeated question of the last 10 days. In case you "haven't heard," Friday and Saturday are "Great-

er Redwood City Bargain Days" and today's edition of The Beacon, as well as tonight's Tribune will carry a score or more of advertisements of local merchants featuring the

outstanding values in their stores at lowest prices for these two big money saving days. This is an event which every merchant participating forgets the profit angle in conducting

his business and reduces his prices tremendously in order to make new friends and customers for his store. Every man, woman and child in Redwood City and surround-

ing communities will find something in the many bargains listed that they need and can save money on by buying now. Redwood City merchants are definitely out to prove to the

buying public that they can save the shopper money and at the same time give them everything that they want and need in a wide selection of merchandise.

Orange and black window streamers were springing up all over Redwood City's business section today heralding the event to the world. If you are a wise shopper, you will take advantage of this

huge bargain festival to save money by purchasing now! Come down town, visit every store and help make this the most successful event ever staged by the merchants of this city.

Plea for Court To End Garbage Dumping Fails

'Wrong Remedy,' Says Judge; Continuance Of Permits Seen

Because Attorney Frank Flynn chose the wrong remedy in seeking to halt garbage dumping at Bayshore City, Superior Judge Maxwell McNutt Monday upheld the demurrer of Attorney Frank V. Kingston, new counsel for the Bayshore Sanitary Board, thus opening the way for continuance there of garbage disposal if the board so desires.

Unless Attorney Flynn and his client, Henry Weinberg, resort to other legal means of preventing the action, the sanitary board, it is expected, Thursday night will revoke previous action cancelling garbage contracts effective August 31 and will issue new permits and contracts for fill and cover disposal of the Bay City's 650 tons of daily garbage.

Judge McNutt's decision sustaining Kingston's demurrer without leave to amend came after a half hour of arguments in court this morning. Attorney Flynn, recently ousted by the sanitary district board when the majority members became pro-garbage minded, vainly tried to persuade the judge that his petition for writ of prohibition was the proper method of halting proposed action of the board members, who, he charged, intended to rescind their action of May 21 revoking permits for garbage dumping in the bay at Bayshore City.

Kingston in his demurrer held that since judicial acts of the sanitary board were not involved, writ of prohibition was the wrong remedy. This contention Judge McNutt upheld.

Atherton Board Hears Protest On School Noise

Children at the Educational Guidance Center on Glenwood avenue, Atherton, disturb the serenity of life for E. Rene LeRoy, Atherton resident. In a communication addressed to the town council early Tuesday evening, LeRoy said the children make too much noise. The council went into executive session to discuss the issue. It is understood that an "amicable adjustment" may be effected.

A request by W. L. Meussdorfer, real estate operator, that Atherton meet part of the costs of improving Elwood avenue met opposition. Mayor Joseph Donohoe said that if the property owners wished to improve the road to standard specifications, the city would be willing to maintain that part which lies within the Atherton limits. But Atherton will advance no funds for improvement.

Exchangites Enjoy Visit to Bay Span

On an inspection trip on Tuesday of the San Francisco bay bridge, 45 members and guests of the Redwood City Exchange Club climbed out on the catwalk of the structure, watched spinning of the cables and went to the top of the first tower, 370 feet high. Jack Fox, an Exchangite who is connected with the Columbia Steel Corporation, organized and conducted the visit, answering questions as the party watched building operations on the bridge and then in a tug went around the pier and around Goat Island. After the bridge visit, the group enjoyed dinner at a San Francisco restaurant.

AUTO DEALERS JOIN TWO-DAY SALES EVENT

'Used Car' Offerings To Be Extensively Shown Here

Redwood City automotive merchants, not desiring to be outdone by their brother retailers, have announced that in connection with "Greater Redwood City Bargain Days" they are staging the most extensive combined used car sale ever before attempted on the peninsula.

More than 120 of the outstanding used cars on their used car lots have been drastically reduced for this bargain festival, the dealers announce.

BAY FLOOR MAIN OF HETCHY BREAKS

Two Million Gallons Of Water Flows Into Harbor

When a 42-inch pipe carrying San Francisco's water supply from the mountains split on the bay floor under Newark slough Sunday nearly 2,000,000 gallons of Hetch Hetchy water was seeped into San Francisco bay.

Several days may be needed for repairs, but Nelson Eckert, manager of the San Francisco Water Department, said there was no danger the break might cause a water shortage. Extent of the damage was being determined today by divers.

A temporary by-pass around the break was established through old lines of the Spring Valley Water Company.

Fireworks Ordinance Supported By Chiefs

Peninsula fire chiefs, at a meeting of their club on Tuesday at Bertrand's Inn near Palo Alto, passed a resolution urging supervisors and city councils of San Mateo and Santa Clara counties to adopt an ordinance prohibiting the sale, possession and discharge of firearms and fireworks on July Fourth.

The chiefs suggested a provision be included in the law to permit public displays of fireworks under proper supervision.

Speaker at the meeting, which followed a dinner, was Loren Bush, chief engineer of the Pacific Board of Fire Underwriters, who spoke on the "Grading of Fire Departments."

EXCITING PLAY

Conrad Nagel, Franchot Tone and Una Merkel, in "One Night in New York," playing at the Redwood Theatre Sunday and Monday. On the same bill will be Barbara Stanwyck in "The Woman in Red."

SUPERVISORS ASK PWA FOR \$81,000 DONATION TOWARD WING ADDITION

Board Hears Rules Laid Down for New WPA Program for Projects Costing Not More Than \$25,000

Formal application to the Public Works Administration (PWA) for a 45 per cent grant toward the \$81,000 San Mateo County Court House Annex project was approved by the board of supervisors Monday and signed by Chairman Manuel Franks.

The board at the same time agreed to call a special election at which a \$100,000 bond issue will be submitted to the county voters to raise the balance of the cost. The date is uncertain and depends on a PWA contribution of \$81,000. Board action followed a warning earlier in the meeting from H. Gordon Hawes of Palo Alto, Works Progress Administration (WPA) director for this district, that if public works projects are not undertaken, the alternative will be to throw men onto county relief doles.

"We look to you for projects," Hawes said, in outlining the new rules of the WPA. "If you cannot supply them, we cannot initiate them."

Hawes said that all sound projects will "certainly be put through."

The court house annex proposal is a PWA project and should not be confused with the WPA. All projects costing more than \$25,000 must be submitted to PWA with WPA handling works programs costing less.

Airports were mentioned by Hawes as one of the few projects which can be put through WPA if costing more than \$25,000. Hawes explained that the federal government was definitely opposed to continuing relief activity. Where local agencies fail to provide work, the burden of caring for the relief load will fall back on cities or counties, he said.

20% PARTICIPATION Regulations require 20 per cent average participation by sponsors in the cost of projects under the new WPA program, Hawes said. The 20 per cent is based upon the fact that unless this is done, the California WPA cannot spread available funds to provide for all entitled to it. It was explained. PWA requires 55 per cent participation.

The California WPA has been granted \$202,000,000 to care for 192,500 cases. This number of cases constitutes 5 per cent of the national load.

Hawes said that projects must be designed to permit payment of \$1,000 per man year. As present federal funds will only provide an \$850 per man year, the local agencies must make up the difference in the 20 per cent participation. Sponsors may list equipment, materials and supervision as the 20 per cent contribution.

BOARD UNANIMOUS Board decision to call the special election on the court house annex was made upon motion of Supervisor John Poole, Redwood City, and second of Supervisor Albert Witt Jr., Colma.

Supervisor Poole was mover of the resolution authorizing Chairman Francis to make the formal application. The second was given by Supervisor Witt.

Both resolutions drew unanimous votes.

Tax Cut 1 Cent, Pay Raised in Burlingame

BURLINGAME, July 30.—Burlingame's tax rate was 1 cent lower and city officials' pay was 10 per cent higher today as the result of moves taken by the city council at its meeting last evening.

The tax rate, after the budget had been finally approved by the council, was reduced \$1.39 to \$1.38, the sixth decrease for the city in as many years. In 1928 the rate was \$1.61.

The pay increase now restores to city officials the salaries they were getting in 1932 when a 20 per cent reduction was made. Last year a 10 per cent increase was granted.

SIX-YEAR WATER DRIVE CLIMAXED

150 Hear Explained Details of Belmont Water System

BELMONT, July 29.—A move for a better and more adequate water system for the people of Belmont which had its inception six years ago was climaxed yesterday with an impressive dedication celebration and open house in honor of the completion of Belmont's \$45,000 water system.

The program was in charge of Mayor Chris L. Jordan, member of the water board. Jordan gave a short address and welcomed the 150 guests. The reception took place at the new pumping station just back of the College of the Notre Dame. The pumps were in operation and visitors were able to see the entire plant in full operation.

W. W. Hendricks, engineer for the district, also gave an address and explained the technical side of the system. A large colored map prepared by the engineering department showed the main features of the system and the contour of the region served. Hydrants and pipe lines are also located on the maps and patrons were able to trace their water supply and become better acquainted with the fire-fighting facilities provided by the new system.

The Belmont water system is taking 100,000,000 gallons of water a year from the Hetch Hetchy water mains. The vicinity is getting a larger percentage of pure Hetch Hetchy water than any other area taking supply from the San Francisco system. The water distributed comes directly from the mountain mains.

The Belle Monti area profits greatest through completion of the new system. Under the old private system Belle Monti paid a monthly meter charge of \$1.50, with a charge of 42 cents per 100 cubic feet of water and \$6 a year assessment. Beginning August 1 Belle Monti will pay a meter charge of 78 cents per month and 28.8 cents per 100 cubic feet. This is the same rate as in the flat area of Belmont.

Belmont is also in line for another cut in the insurance rates with the completion of the new system.

The fire department headed by Fire Chief William Neilson took part in the program. It demonstrated fire-fighting in homes and the handling of grass and forest fires.

L. A. Elsener, president of the district, scheduled to give a talk, was called out of town on business at the last moment. Clifford Lussier spoke on behalf of president Elsener.

Mayor Jordan was assisted by Commissioners Alexander Morrison, H. A. Hyne, Clifford Lussier, L. C. Vannier, Waldo Marra, Auditor V. P. Irvin and Manager W. E. Curtis.

Copyright Violation Charged to Sinclair

(By the United Press) LOS ANGELES, July 30 (UP)—Up-ton Sinclair, author and political leader, was under court order today to answer a copyright infringement suit filed against him by Grace V. Holmes. Miss Holmes' suit charged that Sinclair's pamphlet "Immediate EPIC" infringed upon her copyright to the book "Challenge to Money."

BARBER DIES BY MONOXIDE GAS POISON

John Pennington, 55, Takes Own Life At Menlo Park

John Gilbert Pennington, 55, committed suicide by monoxide poisoning in the garage of his home at 707 Menlo avenue, Menlo Park, late Monday afternoon, because of despondency over ill health. Sickness had made it necessary for him to give up his job two weeks ago as a barber in the Stanford Union shop.

Miss Myrtle Morris, step-daughter, found his nearly-dead body at 4 o'clock in his automobile in the garage. The engine was still running. A hose from the exhaust pipe carried the monoxide fumes into the interior of the car.

The girl summoned an ambulance, but her step-father was pronounced dead when he reached the Palo Alto Hospital at 4:30.

Two farewell notes were written by Mr. Pennington before he took his life: one to his widow, Laura, and the other to a brother. According to C. C. Spaulding, county coroner, the notes said that he intended to commit suicide because of ill health and loss of work, and that his body would be found in the garage.

Miss Morris left the house at 2 o'clock in the afternoon. When she returned two hours later she found one of the notes. It was between those two hours that Mr. Pennington took his life.

Mr. Pennington was a native of Oregon. He made his home in Menlo Park 14 years ago. For the last six years he was employed by a brother, James, in the Stanford Union barber shop.

He is survived by his widow and stepdaughter; by a step-son, Robert, now in Alaska; and by three brothers—Peter, 426 Cowper street, Palo Alto; James, 455 Oxford, Mayfield; and Carl, of Adin, Northern California.

75-Cent Special 1915 Act Tax Will Be Levied in Menlo Park

MENLO PARK, July 29.—A special 75-cent tax on every \$100 of assessed valuation will be paid during the 1935-36 fiscal period by Menlo Park residents to meet delinquencies in street improvement bond redemption.

The 75 cents represents a compromise agreed upon by the city council and the Union Savings Bank of Stockton, owner of the major portion of the total of \$18,000 delinquent bonds.

A tax of 15 cents on each of five series of bonds will be levied. Approximately \$500 or \$600 in delinquencies in the city's two remaining street bond districts will be met by direct outlays from the general fund of the city.

Legally the Stockton bank could demand a special levy of 20 cents on each of the five series, making the total tax \$1. City Attorney James O'Keefe told the council, following a recent conference in Stockton with bank officials.

Petition of mandate granted the bank by the State Supreme Court ordered Menlo Park to levy a 10 cent tax on each of the 1934-1935 delinquent bonds.

The bank was reported last night as ready to file another petition of mandate for a second 10-cent tax for 1935-36, but O'Keefe said the bank had assured him that it would not file if the city would make arrangements for a 15-cent levy, representing a retroactive tax of 10 cents for last year and of 5 cents for this year.

Record of Department Is Made Despite Low Rates Unequalled on Peninsula Except at Palo Alto

Redwood City's water system, now valued at \$672,418.92, earned a profit of \$18,269.59 during the fiscal year closing June 30, figures compiled by city officials disclosed today. The profit was earned in the face of the fact this city enjoys the lowest water rate of all peninsula cities with the exception of Palo Alto.

Total revenue taken in from the system, which includes the line and equipment both in Redwood City and in Emerald Lake, was \$91,080.06, while total expense was \$72,810.47.

Total value of the system is figured as follows: Total assets, Redwood City \$606,085.34; Emerald Lake, \$74,857.61; Total: \$680,942.95. From this are deducted cash deposits of \$1,438.75 for the city system and \$445 for the Emerald Lake system, leaving a net worth of \$672,418.92.

Revenue was divided with Redwood City taking in \$78,774.43 and Emerald Lake \$12,305.63, while

expenses were divided: \$62,710.18 and \$10,100.29. While depreciation on the system was included in expenses, no allowance was made for interest on the city's investment.

Because the rate to water users this coming year is not as high proportionately as the increased cost of the 50-50 mixture of Hetch Hetchy and well water, profits for the 1935-36 year likely will not be as great as during the year just closed, according to City Engineer Charles Dimmitt, who has direct charge of the water department.

'GANGING UP' TRY SCORED IN CASE HERE

Judge McNutt Grants Lawyer Opportunity To Amend Petition

Scoring with biting sarcasm what he termed efforts of W. Gnerich, executive secretary of the Northern California Retail Druggists Association, to get peninsula druggists to "gang up on him," Superior Judge Maxwell McNutt Monday granted E. R. Hoerchner, attorney for the California, General, Golden West and Humboldt brewing companies, two weeks in which to amend his petition for an injunction to halt "price cutting" of the firms' beer.

Saying that some courts wouldn't take the matter with such complacency, Judge McNutt said that a letter had reached his hands, which had been sent to all retail druggists on the peninsula, urging druggists who knew the judge to talk to him and explain the benefits which they received under the Fair Trade Act. What the druggists were asked to do, McNutt declared, was a "flagrant contempt of court."

"Gnerich, or nobody else will get a decision from me by such methods," the judge said.

In giving Hoerchner two weeks to amend his complaint to prove that Ray C. Rand, who sells beer in San Mateo, was injuring large groups of people by selling his beer below a minimum price stipulated in the Fair Trade Act, Judge McNutt sustained Rand's demurrer, filed by Attorney George J. Zeck of San Francisco, denying the right of the breweries to prevent him from selling beer at prices below the minimum stipulated in the Fair Trade Act, pending determination of the court of what is a "reasonable" price of beer. The demurrer also said that the act violated the fifth and 14th amendments of the United States constitution. The latter section of the complaint Judge McNutt refused to hear, saying until further amendments to the complaint were filed, the situation was covered by other cases.

In speaking of Gnerich's letter which came into his hands through a local druggist seeking information as to its meaning, the judge declared Gnerich was "lucky the letter came into the hands of a judge who had a sense of humor." Hoerchner said he knew Gnerich but denied having anything to do with the letter.

ICED COFFEE COOL DRINK FOR SUMMER

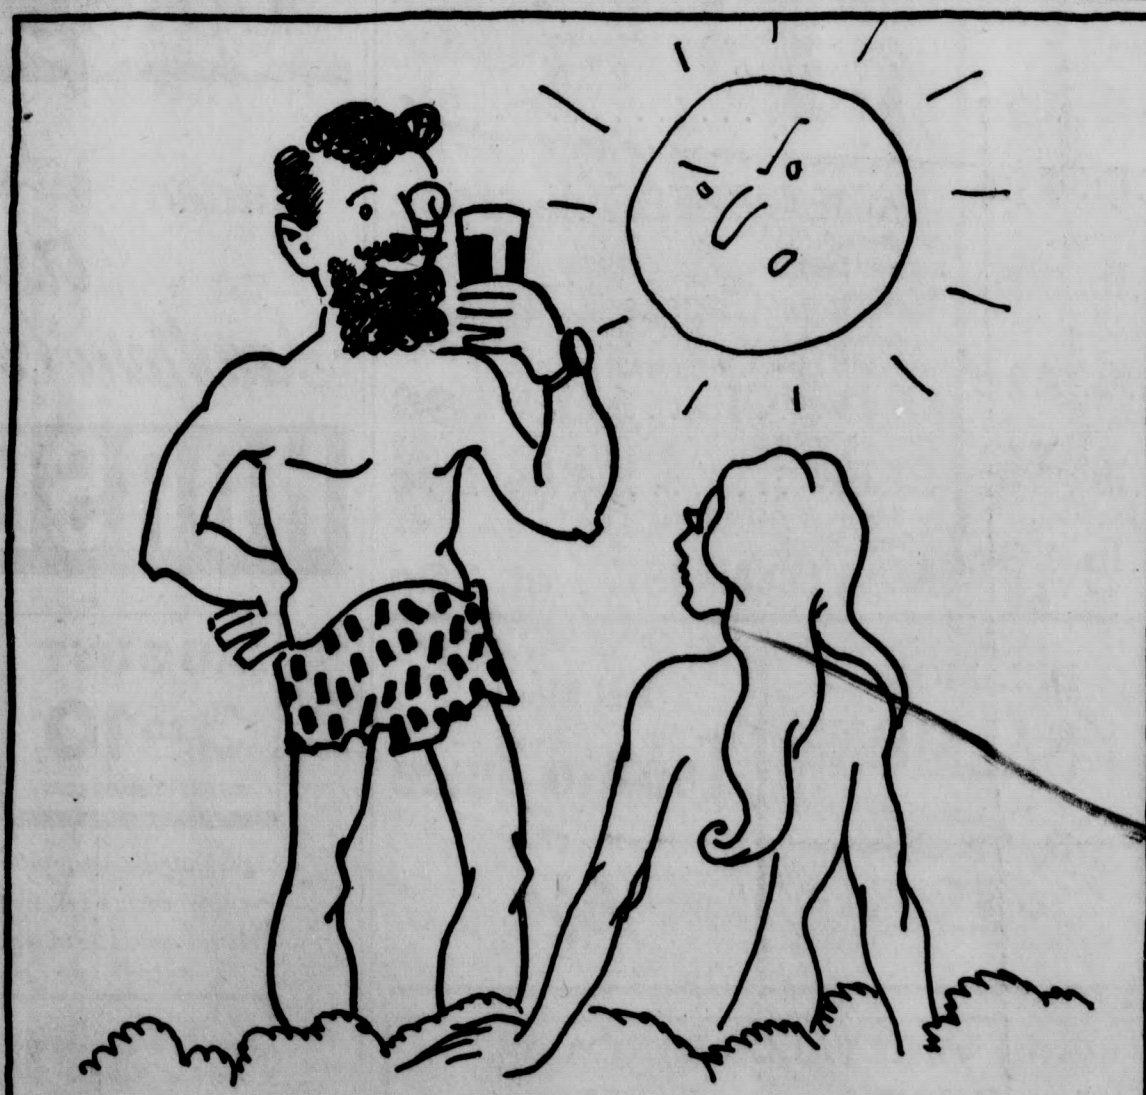

Iced coffee is one of the simplest of all hot weather drinks and when properly prepared has few equals as a summer mealtime beverage. If you want good iced coffee, be sure to choose a brand of high quality, preferably Hills Bros. Red Can, for chilling is a severe test of coffee flavor. Then you must use the same care in preparing the drink as you do your hot coffee. Here are two reliable methods.

Prepare regular strength coffee by your favorite brewing process and thoroughly chill the coffee liquor in your refrigerator for 3 to 6 hours. If you are particular about the taste of your coffee you will prefer this method, as all the flavor of hot coffee is thus retained. Ice may be added to the glass just before serving if desired, for there is little dilution of the coffee since it is already well chilled.

If you do not have your coffee prepared beforehand and want quick service, brew coffee by your regular method but make it stronger than usual to compensate for the thinning of the liquor when the coffee is poured hot and steaming into glasses nearly filled with ice.

Iced coffee may be served with or without cream, sweetened to taste.

Hearing Date Set On Bus Line Permit BURLINGAME, July 31.—Request of Walter Vandervort, operator of a taxicab and bus line, for a permit to operate a passenger line between Burlingame and San Mateo, will be heard before the state rail road commission September 11, it was learned today.

Consider the life of these nudists.

When Old Sol beams down at his rudest,

With no clothes to doff, they drink to cool off,

Iced Hills Bros. Coffee—like prudists.

Local Man Escapes Injury in Bad Fall

Victor Schath, 1105 Madison avenue, local sportsman, had a narrow escape from serious injury and did incur a sprained ankle when he fell 30-feet in a towering redwood tree which he had climbed in Redwood Park near the Skyline boulevard.

Schath, who owns a cabin there, had climbed into the tree Saturday to place a target for shooting purposes, and slipped as he was coming down, but caught himself on a branch before crashing to the ground.

Gas Fund Cut Halts Widening of Road

SAN MATEO, July 29—Plans for widening Crystal Springs road here were dropped today by City Manager E. P. Wilsey after receipt of word from the state highway commission that San Mateo's share of the quarter-cent state gas tax fund had been cut \$9508 in the last three months of the fiscal period.

Original estimate of San Mateo's apportionment had been \$18,150. All remaining funds, Wilsey said, would have to be used in the widening of El Camino Real in front of Mills Memorial Hospital.

Equal Relief Wages With S.F. Considered

"Favorable consideration" was being given today to the protest of the San Mateo County Board of Supervisors to the differential in wages offered on relief projects between San Francisco and San Mateo counties, Col. Frederick Peterson, state assemblyman from this district, reported here today after a conference with state relief administration officials.

The board of supervisors two weeks ago went on record as favoring an attempt to secure equal wage scales with the metropolitan district.

MENLO PARK NEWS

Mrs. J. E. Weeden and nephew, Thomas Sexton, spent several days in Bridgewood as the guests of Mr. and Mrs. Vincent Sexton, who were married last month at a ceremony performed by the Rev. Father McKeown.

Joint installation of the Native Sons and Native Daughters was held Thursday evening in Masonic Hall, during which dancing and a social program was enjoyed for a successful evening.

Miss Meta Kugeler has returned from a two weeks' vacation trip to Santa Cruz.

Joe Seibert and young son are visiting near Santa Cruz.

Charles O'Neill, proprietor of The Wagon, is seriously ill at the Palo Alto Hospital.

I. Breza, assistant manager of the Graham Motor Company, visited in Menlo Park Tuesday.

In spite of the unusual covering of grass, there were few fires in this community this season. This was due to the unusual vigilance of the fire department and Fire Chief Thomas Cuff, who has been diligent in securing the removing of grass from the lots to remove the fire hazards.

The deer season opened auspiciously yesterday. Several hunters left Menlo Park for the mountain regions of the county. It is reported that deer were plentiful in the property adjoining the Spring Valley domain.

The deer are protected in the Spring Valley property but at this season some of them wander off into the hills to fall easy prey to hunters. One buck was brought back and will be parceled out to various families. The season closes in one month.

Charles Palmer, local Shell agent, is home from a 10-day fishing trip to Trinity county, where he experienced a fine catch. Palmer is an expert fisherman and came home with a fine string of trout.

The Class Barber Shop in the O'Keefe block has changed hands. The new barber halls from San Francisco.

August 3 the horse show opens on the Menlo Circus Club grounds. For the past few days numerous horses from all parts of the state

have been coming in. Merchants already are feeling the benefits of the extra trade which the horse show season brings to town. The show will last all of next week.

S. M. Ritualistic Team Wins 2nd Area Contest

Emerging victorious in competition for the second area in an elimination contest for ritualistic teams held Sunday in San Francisco, the ritualistic team of Volture No. 393 of the 40 and 8 Society of San Mateo was home today, making plans for competing in the state elimination contest, in which they are now qualified to take part, at the convention in Fresno August 10.

Glen W. Hall of Redwood City Post No. 105 is commander of the team. Other Redwood City residents who are active team members are Joe Faso, past commander, and Roger Walsh, second vice-commander.

Plans Are Launched For Eagles' Picnic

Plans for the Eagles' Associated Aeries of San Mateo County picnic, to be held August 25 at Oak Grove Park on Crystal Springs road, were being made today by a committee appointed when the groups met here.

Heading the committee in charge is Wayne Millington of Redwood City. Assisting him are H. Clever of South San Francisco; Peter Morse, San Bruno; Ray Green, Frank Biscay, Dan O'Connell, Alan Gould and N. S. McCartney of Burlingame, and Erin Elebel of Daly City.

At the meeting here it was revealed that Green had been named district deputy state president at large by State President Fred Thomas of San Jose. Green also is on the state publicity committee.

The king's cock-crower was the title of a British crown officer at one time.

EIGHT HURT IN S.M. COUNTY CAR CRASHES

Fifth Week-End Finds All Highways Free Of Fatalities

While for the fifth consecutive week-end San Mateo's highways were free of traffic fatalities, several serious accidents were reported to authorities, resulting in injuries to eight motorists.

Dr. M. M. Kirksey, 33, prominent San Francisco physician, was rendered unconscious, cut about the face and bruised at 4 a. m. Monday when his machine crashed into the rear of a gasoline tank truck near Mills Field on the Bayshore highway. Driver of the truck was Andrew K. McGowan of Burlingame, who told officers he had just come onto the highway from the Millbrae road when his vehicle was struck by Kirksey's machine. He was taken to South San Francisco Hospital.

Mrs. William Smith of San Francisco suffered a fractured shoulder and bruises when her machine plunged, backwards, down the embankment of a 14-foot pit on the Hetch Hetchy pipe line right-of-way a hundred feet south of Wood's Tavern when she was backing in an attempt to turn her car around yesterday afternoon. Following treatment at the local Emergency Hospital by Drs. Mason and Monteith, she was taken to Mills Memorial Hospital.

Mike Sammon, 50-year-old itinerant, was injured at 3 p. m. Sunday when he was struck by the machine of Everett Denroche of San Francisco in San Carlos. Following treatment at the local hospital he was removed to Community Hospital.

Mrs. Sarah Franks, and Mrs. A. F. Franks, both of San Francisco, were cut and bruised when the car in which they were riding, driven by Allan Franks, collided Saturday evening with the machine of Walter Fisher. The accident happened in Redwood City at the corner of El Camino Real and Montana street. They were given emergency treatment at the local hospital.

Arnett Hawkes, of Sixteenth and North Fair Oaks, suffered scalp wounds, cuts and bruises when in trying to miss being struck by a machine his motorcycle got out of control and overturned in Belmont. He likewise was treated by Drs. Mason and Monteith.

Roy Walker of Watsonville and Mrs. P. R. Freeman of San Francisco suffered minor injuries when their machine plunged into a ditch early yesterday near Colma. They were taken by Newell Armsby, Forest View, who passed by the scene shortly afterwards, to Mills Memorial Hospital.

Two machines were badly damaged but their drivers, Walter P. Vanderkamp of San Carlos and Lee Israel of San Francisco were unhurt when they were forced to collide at the corner of El Camino Real and Lincoln to avoid being hit by an unidentified motorist who darted out of a driveway, they reported to local police.

Blizzards make life easier for the ptarmigan of the Far North by keeping the feeding grounds swept free of snow.

Local K. C. to Attend Dinner for Deputy

Headed by District Deputy Louis Deibel of Menlo Park, Grand Knight Dan O'Connell of San Mateo, and State Lecturer Al Ward of Burlingame, a large delegation of local Knights of Columbus will take part in an informal dinner and reception to State Deputy John A. Schwamm of Los Angeles, Wednesday night at the William Taylor Hotel, San Francisco.

If pure and clean, ice is more transparent than water.

STATE BOARD DELAYS 'OK' ON 5% EXCESS

\$150,000 Items Fail To Win Immediate Acceptance

After confirming previously given tentative permission to exceed by \$50,000 the county budget limit set by law, the State Board of Equalization Tuesday afternoon told a San Mateo county delegation it would take under consideration request of the board of supervisors that the county be allowed another \$150,000 excess.

The \$50,000 is to pay a pledge made to Agricultural District 1-A for exhibition buildings to be constructed in Visitacion valley.

It was expected that the state board's decision on the other \$150,000, which would allow the supervisors to exceed last year's budget by approximately \$246,000, would be forthcoming before the end of the week. Further information as to finances of the county will be supplied the board by the controller's office before the decision is made. As a result, budget making activities of the supervisors are being held in abeyance until that time. The supervisors previously had planned to continue work on the budget tomorrow.

The \$150,000 over the 5 per cent limit set by provisions of the Riley-Stewart act provides for: Hospital and social service, \$60,000; unemployment relief, \$50,000; Sunnyvale air base pledge, \$10,000, and county share of old age security payments, \$30,000.

Woman Hurt in S. M. When Cars Collide

SAN MATEO, July 31.—Mrs. Eva Hamby of Oakland was the only person injured in a collision last night between a machine in which she was riding, driven by Willard H. Scott of San Mateo, and a car driven by Elizabeth M. Stoffer of San Francisco. Mrs. Hamby was treated at Mills Memorial Hospital for cut and lacerated hands and bruises.

'Autumn Festival' Name for Pageant

"San Mateo County Autumn Festival."

This will be the name of the fête to be held at Bay Meadows race track in October. It was decided on Tuesday at a meeting in San Mateo of the directors of the festival. The title "San Mateo County Products and Floral Fiesta" was adopted for incorporation purposes. This corporation will be a perpetual and non-profit association.

Miss J. C. Mather was named secretary for the fiesta headquarters established at 116 B street, San Mateo.

Other appointees named were Martin H. Poss, chairman of the garden show pavilion.

Illog Manslaughter Trial Set August 14

Albert B. Illog, charged with manslaughter and drunken driving as the result of the tragic death on the highway near Redwood City of Lloyd Sweeney early the morning of July 4, will go on trial in superior court here August 14, it was learned today.

His attorney, Fred Comba, at the same time revealed Illog will attempt to prove that the crash between his machine and the motor-

Bar Group to Hear High Court Judge

SAN MATEO, July 31—Justice John W. Preston of the state supreme court will address the San Mateo County Bar Association at a dinner August 8 in the Benjamin Franklin Hotel, it was announced today. Topic of his speech was not revealed.

cycle ridden by Sweeney was unavoidable.

School Trustees Institute Is Set For School Here

At a luncheon Saturday, August 17, in the Sequoia Union High School cafeteria, the annual school trustees' institute will be held, with Alfred E. Lenz, administrative advisor of the state department of education, speaking on "New School Legislation."

According to the school code of California, County Superintendent Pansy Jewett Abbott declared today, one school trustee of each school district of the county must attend the institute and participate in its proceedings. If other trustees desire to share in the program, they will be welcomed, she added.

The cost of the lunch will be 50 cents per plate.

TAX RELIEF PROPOSED

SAN MATEO, July 29.—At a meeting tonight the San Mateo City Council was expected to put through a resolution granting a moratorium of from 60 to 90 days on seven per cent delinquent tax penalties. This measure has been proposed so that \$18,000 now impounded by the Eaywood Realty Company can be paid. City Manager E. P. Wiley said he would seek to enforce payment of other delinquencies.

69 AIRPLANES LAND SAFELY AT SUNNYVALE

Evening Flights Begin Over Peninsula

Vanguard of the greatest concentrated naval air force at the Sunnyvale air station since the local base was commissioned in 1933, 69 planes from the Carrier Saratoga reached Moffett Field early on Monday after a flight from San Diego.

Shortly before 12 noon, 16 planes of Squadron B-2, headed by Lt. Comm. Ernest W. Litch, dropped down on the runway and taxied into the hangar where the Macon once was berthed.

On their tails came 18 planes of Squadron V-F-6, under command of Lt. Dixwell Ketcham.

After having been reported over Salinas at 1:15 p. m., 14 planes of Squadron V-F-2 roared over the station at 1:34 and, still in formation, swooped down to land on the field. Lt. Comm. Felix E. Stump, senior commander of Saratoga squadrons, headed the planes of V-F-2.

The fourth squadron of 18 bombers arrived at 2:30 in charge of Lt. Comm. Hollard. Previously two transports and a bombing plane had made their appearance at the field.

Edward Wheeler Begins 11th Year As Police Chief

SAN CARLOS, July 31—Tomorrow will be an important day in the career of Chief of Police Edward J. Wheeler. On that day he will begin his eleventh consecutive year as head of the San Carlos department.

Chief Wheeler was appointed to the police force in 1925, and was the sole officer of the city for three years. At the completion of the third year another officer was appointed. The force now includes Officers Ernest Nelson and Joseph Gravano.

During the regime of Chief Wheeler two major crimes were solved through his efforts. They were the murder of Clara Boeke in 1929 and the daylight robbery of the Bank of America in 1930. Ira Kirk, convicted of the slaying, and two bandits who staged the bank robbery, are serving life sentences.

Chief Wheeler has been instrumental in installing a police radio, a system of lights for night signals, finger print department, bureau for checking itinerants and for watching vacant homes and a permit system for solicitors.

He was associated with the fire department three years before taking over his police duties. With few fires being reported in its recent quarterly report the City of San Carlos ranks high in the state for few fire hazards. Chief Wheeler is now working on a new fire-alarm system.

R. C. MOTORIST FINED
SOUTH SAN FRANCISCO, July 30.—Gavin Nelson, 303 Poplar avenue, Redwood City, was fined \$15 for speeding on the Bayshore highway when he appeared today before Judge H. H. Dinning in South San Francisco. The total fines of the traffic court amounted to \$102.

*For
Luncheon*

there's nothing so satisfying and healthful as a glass of cool Golden State Buttermilk. It has the old fashioned quality—rich and creamy with bits of butter in it. And if you want to see your griddle cakes, waffles and biscuits come to the table with new delicious goodness, use Golden State Buttermilk. Ask for Golden State Buttermilk at restaurants, fountains, or your Golden State dealer. For home delivery telephone Redwood 38.

COMPARE THESE LOW-PRICED VALUES! MAKE US PROVE IT!

... how new shopping plan
saves you money

Ladies, yours is no easy, part-time job—holding the food budget down. You have to keep after it continually... if you really want to save money. And that's where we can help. Give us better values for your food dollars every day.

But make us prove it! How? By doing all your shopping at your Safeway grocer's for just one month. At the end of 30 days, check over your food bills. Compare your total expenditure with that of the month before. Brown Derby Beer—the equal of imported Pilsner—alone will cut your beverage cost deeply. Note your balance—the many dollars your Safeway grocer has saved you on all your foods. DOESN'T SUCH AN OPPORTUNITY MAKE THE SAFEWAY SHOPPING PLAN WORTH AT LEAST A TRIAL?

Many Redwood City veterans are planning to attend the annual 91st Division picnic to be held at La Honda Park on Sunday, it was announced today by John Cullen. The picnic, one of the outstanding affairs of the year for the famed 91st division, will be attended by more than 500 San Francisco and peninsula people. Gov. Frank F. Merriam and Mayor Angelo Rossi will be present.

There will be numerous sports including a baseball game, races and contests for everyone. A barbecue will be served at noon. Tickets may be secured from Cullen at 1204 Middlefield road at 50 cents each. The public is invited.

RESERVATION HAS FARMS

WAPATO, Wash. (AP)—Acreage under cultivation at the Yakima Indian reservation this year totals 104,561 acres as compared to 99,731 in 1934, the annual crop census showed. Wheat and alfalfa are the largest crops.

FIREMEN TURN Red As the Trucks ON FALSE TIP

It was very embarrassing to the fire department!

Upon answering an alarm, telephoned in by an excited woman, that a large lot was ablaze near Selby Lane but inside the city limits, the firemen sped on their engines, sirens blowing, to the scene where from a distance they could see clouds of smoke issuing.

But their faces were as red as their engines when they found part of their own crew engaged in burning the lot, with everything under control. Nothing was damaged but the fire fighters' tempers.

An African native in good physical condition, can run down a swift eland antelope, although the chase may extend 30 miles.

San Bruno Motorist's Attackers Sentenced

Three San Francisco men who beat up Roy M. Coombs of San Bruno when he objected because the trio had run him off the highway eight miles north of San Rafael Monday received severe sentences by Justice Herbert de la Montanya of San Rafael.

E. F. Kaiser, 38, the driver, was given his choice of paying fines totaling \$280 or serving 140 days in jail. R. A. Immell, 37, got \$100 or 50 days and a 20-day term, while Dick Steffens, 26, received the same alternate sentence with a 10-day term tacked on for good measure.

S. M. MAN'S AUNT DIES
SAN MATEO, July 29.—Miss Anna T. McDonald, 69, who ran a dress shop in San Francisco for many years and who was the aunt of Howard J. Tobin of this city, will be buried here tomorrow morning. She died suddenly in San Francisco Saturday.

CITY REVENUE GUESS WITHIN \$275 OF SUM

Expenditures for Year \$2600 Less Than Anticipated

Coming within \$275 of the amount estimated a year ago by City Manager E. A. Rollison, revenue for the City of Redwood City for the year just closed was \$192,603.47, a compilation of yearly reports by City Clerk B. E. Myers disclosed today. Rollison had estimated the city would receive \$192,876.05 during the year.

Expenditures were more than \$2,600 less than anticipated, the total being \$190,044.1, as against a budget amount equal to the expected receipts: \$192,876.05.

General tax receipts exceeded expectation, \$66,327.21 being taken in from this source as against an anticipated \$63,359.

Other sources of revenue were: business licenses, \$10,413.95; delinquent taxes \$13,867.25 (as against an anticipated \$7,500); personal property taxes \$2,991.72; tax penalties \$3,685.12; interest from money on deposit \$1,937.10; garbage collections \$2,298.24; police court fines \$1,991; harbor rentals \$1,749.75; inspection fees \$1,084; birth and death fees \$113.75; water department interest and bond redemption \$7,003.20; bonds and interest \$35,900.29; library tax \$11,583; reserve \$5,791; 1915 special levy \$17,374.50; miscellaneous (including penalties, liquor fees, bond interest, etc.) \$7,190.03; corporation yard \$200; library fines \$625; pound fees \$1,027.25.

Hit By Street Car, Woman Seeks \$40,000

Because the Union Paving Company allegedly excavated so close to the Market Street Railway tracks in Daly City that insufficient room was left to stand between the excavation and the tracks and Miss Nora Sullivan, in attempting to stand in the space, was struck by a street car, the two firms today were made defendants in damage suits.

A total of \$20,000 is sought from each business firm for injuries Miss Sullivan says she sustained April 30 when she was struck by the street car. Attorney Raymond J. O'Connor filed the suits in superior court here on behalf of Miss Sullivan, who also named F. Jones, motorman of the car which struck her, as one of the defendants.

PATROLMAN IMPROVING
State Highway Patrolman Chester Kneiss, who has been confined for the past several days at the Mills Memorial Hospital in San Mateo with a throat infection, has been moved to St. Luke's Hospital in San Francisco for further treatment. He is reported as improving.

State to Get \$2195 From Hartley Estate

From the \$57,879.92 estate left by the late Jennie E. Hartley, wealthy Redwood City school teacher, the government will get \$2,195.19 in inheritance taxes, according to the report of Inheritance Tax Appraiser Bradford Melvin filed in superior court today.

The money will be paid by Dollie Bacon, Birdie Bacon and J. B. Bacon, all cousins of the late teacher. They successfully contested the will of Miss Hartley, which left her property in a scholarship fund for Stanford students.

Each of the trio gets \$19,293.31, of which \$1,000 is exempt from inheritance taxes, according to Melvin's report. He revealed the estate as left by Miss Hartley was worth \$62,925, but \$5,045.47 was used to pay funeral expenses, attorney's and administrators' fees and the federal estate tax.

Approximately 22.9 per cent of the population of the United States is now past 45 years of age, according to estimates.

Rug Graft Charge Dismissed By Judge

BURLINGAME, July 31.—The case of State Highway Patrolman Frank Chevalier of Burlingame against Amden Abraham for allegedly selling him a Turkish rug at an excessive price, was dismissed today for "insufficient evidence" when heard before Judge Riso here. It was understood that Chevalier and Abraham had come to an agreement out of court.

S. F. MAN HEADS BOARD
John J. Sullivan of San Francisco was re-elected president of the board of directors of the Veterans' Home at Yountville yesterday. County Clerk E. B. Hinman is a holdover director, his term having expired July 1. He attended yesterday's session.

Government Will Spend 19 Million On Sports Fields

WASHINGTON, Aug. 1 (AP)—On the theory that outdoor life builds better bodies, the government has agreed to spend more than \$19,000,000 on sports fields within the next few months.

The Works Progress Administration said that this month President Roosevelt has approved outlays of \$19,097,976 for athletic fields, stadiums, swimming pools, golf courses, armories and tennis courts in 10 states.

Officials said additional funds may go for these purposes later, giving sportsmen and youngsters a good slice of the \$4,000,000,000 works relief money.

Nearly \$8,000,000 will be spent on building swimming pools, while \$6,093,811 will go for construction and improvements on playgrounds.

Golfers will benefit to the tune of \$2,142,694, the sum approved for golf courses. Around \$1,300,000 will go for athletic fields.

For general recreation purposes, nearly \$1,500,000 will be used, while \$161,239 will be spent for armories. Other projects approved include \$70,455 for stadiums, \$57,957 for gymnasiums and \$32,797 for tennis courts.

Navy Planning More Defenses In Pacific Area

WASHINGTON, Aug. 1 (AP)—The navy was disclosed today to be considering fortification of additional possessions in the Pacific after December, 1936, and construction of additional naval facilities to meet increases by other powers.

Secretary Swanson revealed that these steps had been under consideration for some time. His statement, after President Roosevelt had said rumors that the United States planned Pacific fortifications were "purely conjectural," said there was no intention of establishing additional bases until after the expiration of the Washington treaty. He insisted that despite reports that Great Britain plans to spend \$750,000,000 in modernizing its fleet in the next seven years, the United States would adhere to the terms of the Vinson act except for battleships and cruisers.

Ex-Townsend Leader Heads New Movement

ROCHESTER, N. Y., Aug. 1 (AP)—Glenn W. Simpson, ousted leader of the Townsend old age pension movement here, claimed leadership today of the national movement as newly elected president of the National Annuity League, a consolidation of Townsend clubs.

He was chosen for the office last week at Minneapolis.

Saying the Townsend movement "has gone bad," Simpson denounced the organization and challenged Dr. Francis E. Townsend to displace him as leader of the national pension movement.

Simpson was supplanted as Townsend representative here by Clinton Wunder, a former Rochester minister, on orders of Robert E. Clements, secretary to Dr. Townsend. Wunder and Clements are expected here next week to conduct a mass meeting of Townsend followers.

New Probe Ordered Into Macon Disaster

WASHINGTON, Aug. 1 (AP)—A special inquiry into charges that neglected repairs caused the loss of the dirigible Macon will be ordered by Secretary Swanson.

Referring to assertions by Prof. A. V. DeForest in a special dirigible forum last week at Akron, Ohio, Swanson said at his press conference today: "It's a charge against the navy department and ought to be investigated."

Bring, or mail, this coupon to The Redwood City Tribune office, 30 California street, Redwood City. All subscriptions must be acceptable to The Tribune.

BOARD POSTPONES TRANSIT DECISION

Location of Terminal
And Bridge Fares
Discussed

A decision by the San Francisco board of supervisors on proposed terms for rail transportation across the San Francisco-Oakland bay bridge will not be made for two weeks, the supervisors decided Monday after a prolonged argument.

During the board's meeting, it was charged the east bay was being given a valuable rapid transit system at the expense of San Francisco motorists.

The long standing controversy over a location for the San Francisco terminal also was injected into the controversy by Supervisor Shannon, who asked for the delay in order that proponents of an Embarcadero terminal be allowed to present their case.

City Attorney O'Toole had asked the board to advise him on whether it favored incorporation in the proposed contract between the Toll Bridge Authority and the Southern Pacific and Key System of these three provisions:

1-That fares be limited to those now charged for 18 months.

2-That the authority be free to terminate the contracts for public operation at five year intervals on two years' notice.

3-That the rail lines obligate themselves to operate over the bridge until cost of the bridge is paid.

F. M. McAuliffe, attorney for the authority, informed the board that all three provisions had been approved by Bay District city attorneys. O'Toole suggested the carriers be obligated to bring transcontinental passengers over the bridge.

McAuliffe said only local commuter rights were being granted.

The main argument was caused by a proposal that three additional provisions be incorporated in the proposed contracts. These were that the railways be required to pay tolls sufficient to amortize 40 per cent of the total cost of the bridge; that the Southern Pacific be required to bring its through passengers into San Francisco over the bridge; and that the rail facilities be open to all other through rail lines.

\$50,000 Judgment Granted Instructor

SAN JOSE, July 30.—Miss Vera A. Rathbun of San Jose, former Glincy school instructor, today was in possession of a \$50,000 default personal injuries judgment, given her by Superior Judge Gosbey—\$26,000 more than was given her by a jury June 25 when her \$52,260 suit was tried.

The judgment, which went against Roy A. Witt, driver of the automobile in which she was a passenger when injured, will be executed against the insurance company in which the car was insured, it is expected.

FEDERAL POLICIES HIT BY SPEAKER

Pressure on Business
Held to Indicate
Fight to Finish

A lashing denunciation of governmental interference with business, delivered by Morris Edwards, manager of divisional relations of the Chamber of Commerce of the United States, Monday opened the 15th meeting of the Western School for Commercial Secretaries and Trade Executives at Stanford.

Delegates are meeting in Braner Hall. This is the second year that the trade executives have joined with the commercial secretaries for this type of conference. Morris Edwards, who returned to these meetings after an absence of four years, will give five talks on the theme of "Government: 1935."

In his introduction, Mr. Edwards said: "The prevailing attitude and thought of our federal government today is that business is a force in our national life barely to be tolerated, at best, not the well-spring of material wants but a cynical, semi-corrupt, selfish, greedy force too easily dominated by concerns of profit, and untrustworthy."

"It is pretty certain by the intention on the part of government today that this is a fight to the finish, and that the government will neither give nor take any quarter. Business (or so the government aims) will be controlled by centralized planning, and anyone in business not in sympathy with this is an enemy within the gates."

"Governmental scope and sphere," said Mr. Edwards, "has so extended that today the government is primarily concerned in the affairs of the business life of this country—its morals, profits, exercises, and all manner of questions that 15 or 20 years ago would have been beyond the purview of Washington, D. C."

Business Men Must Pay
"In the relationship between government and business the degrees of government have a direct, immediate and compulsive effect. All of the alphabetical activities of our government are being financed by I. O. U.'s to which the government signs the names of the business men which constitute the membership of our own organizations."

"Its scope challenges the imagination of all today. It embraces the whole range of human affairs and relationships. It is almost impossible to read the United States Constitution and find therein any protecting mantle which could be thrown over the most unusual and attention-arresting activities of the federal government today."

Control Of Profits Sought
"Government is not only reaching into the business affairs of today but also seeking to take the dominant controlling position as to how the fruits of industry should be divided among those who participate in the production thereof. It seems to be the driving aim of our government today that it has a great national duty to perform. It is hard to state just what it conceives that duty to be, but seemingly it is to level out the man-to-man inequalities in solving these perplexing business and social problems. Thus they are making a public virtue of defeating the constitutional measures which they took oaths to defend when they took office."

"We see also the development of a growing espionage system within governmental activities themselves which lead to very serious forms of reprisals. And we must not overlook another characteristic in the last few years, namely, the huge propagandizing schemes by which Washington means to get into the press something of its activities every day in the year. It is hard to distinguish between the dispassionate analyses of what the government is doing and the tremendous barrage of official propaganda being fed the daily newspapers regarding the multifarious activities of the federal government."

TOWNSEND CLUB ELECTS OFFICERS

Walter Sterling Heads
Group As President
Until January

Officers of the Redwood City Townsend Club elected at the semi-annual meeting in the Central school on Broadway Monday night were as follows:

Walter S. Sterling, president; T. E. Loveday, vice president; George Peterson, treasurer; F. E. Lewis, secretary; L. R. Dains, chairman of finance; Lewis, chairman of membership; H. H. Duncan, chairman of program; Loveday, chairman of entertainment and social; Sterling, chairman of publicity; W. D. Keith, O. B. Small, A. E. Striker, Peter Mensolan, George Paul and D. Taylor, members of advisory board.

The officers will serve until January, 1936.

CENTIPEDES USES HEAD
SAN DIEGO (AP)—Add craft to the qualities of at least one centipede. Put in a glass jar a black widow spider and a scorpion, all captives of Edward Call, the centipede stood by while the scorpion killed the spider and then put an end to the weary scorpion.

Gertrude Norman, Bereft of Fortune, Turns to Films at 83

Mary Pickford, Marguerite Clark, Bebe Daniels, and other stars of the early flicker days will recall the woman who "mothered" them through many a picture—Gertrude Norman. And so will hosts of fans. Today, her fortune gone, Miss Norman is back in films, but as a grandma this time. The long jump from Miss Norman's "mother" days and the present is shown in the pictures above—at left, as she acted in a film with Mary Pickford, and at right, as she is without makeup, at the age of 83, in her new role.

ARMY AIR DEFENSE OF PACIFIC CENTERS HERE

Hamilton Field in Marin county is the concentration point for military airplanes and designated headquarters of the first wing of the general headquarters air force of the army. This official United States Army photo shows the hangars as well as a line up of combat and bombing planes.

Turnbull Will Contest Again Hits Obstacle

Jessie Condie today had won her fourth round in her fight with Mrs. Helen Gillespie for the \$91,000 estate of the late William Turnbull of San Mateo, uncle of Mrs. Gillespie.

Superior Judge Maxwell McNutt, in whose court the case is being heard, sustained the demurrer of Miss Condie, adopted daughter and principal beneficiary of Turnbull, which had been entered after Mrs. Gillespie through Attorney J. E. McCurdy had filed her third

amended complaint to break Turnbull's will.

In her latest demurrer, Miss Condie charged Mrs. Gillespie did not tell who were the heirs, who was interested in the will, who were named as legatees, whether the estate was the separate property of Turnbull or community property, whether or not any "confidential relationship" had existed between Turnbull and Miss Condie, and how Turnbull had been unduly influenced. Upon these contentions Judge McNutt based his demurrer.

Three previous demurrers entered by Miss Condie were sustained by Judge McNutt.

A new government order makes air training compulsory for 5,000, 000 Russian boys and girls who belong to Communist organizations.

CYCLOPS GRANTED ICE PLANT WORK

\$2,932 of Items Cut
From Proposal;
Cost \$11,064

Splitting 3 to 2 on the vote, the San Mateo County Board of Supervisors at the afternoon session Monday awarded the bid for installing new ice machinery at the Community Hospital to the Cyclops Iron Works of San Francisco.

The board eliminated items totaling \$2932 from the bid so that the final figure accepted was \$11,064. Earlier estimates had indicated that \$8500 would be sufficient for the new machinery.

J. J. McGorry, hospital engineer, recommended the Cyclops bid to the board, declaring it was the only complete set of specifications submitted. Purchasing Agent Stanley Kelly concurred. McGorry charged that some of the other firms "cut the corners" in making bids.

OPPOSES NEW BIDS
The hospital engineer opposed calling for new bids on the ground that it would throw the matter into a "throat-cut" competition. This suggestion had been made by S. A. Keyston of San Mateo.

Supervisor Fred Beer, San Mateo, and John Poole, Redwood City, opposed the Cyclops bid and suggested new ones.

Supervisor Albert Witt Jr., Colma, moved for approval of the bid. The second was given by Supervisor Walter High, Burlingame, and given approval of Chairman Manuel Francis to carry 3 to 2.

PROTEST VINSON
The San Mateo County Taxpayers' Association through Mrs. Ella Chase and Jack Reuter, officers, protested the appointment of Merritt Vinson as director of the San Mateo County Fair Fiesta. They said they believed San Mateo county had residents capable of staging the festival.

Witt said the question was out of the hands of the citizens' committee headed by George T. Davis of Millbrae. Vinson was considered by the citizens' group to have special talents in handling shows of this type.

Protest of Timothy Flood to the dumping of dead dogs and cats and garbage in the Marsh Road ditch was referred to Health Director Charles Gans.

Speed on Coast R. R.
Promised By Sponsor

If right-of-way litigation does not produce further delays, work on reconstruction of the Ocean Shore Railway will proceed with all possible dispatch, according to Harry Cole, one of the promoters. Survey of the new rights-of-way and realignment of the old are completed, according to Cole, and engineering plans are in the hands of contractors. Grading crews and equipment are at work clearing up and rebuilding the old roadbed.

The French "talking clock" brought in a revenue of \$125,000 to the government in its first year of operation. The clock handled an average of 11,000 calls daily to 4,300,000 people a year.

Walter Reports On Realty Sales In This Region

Dave L. Walter, president of the Walter Realty Co., today expressed himself as optimistic over the future of peninsula real estate. Walter declared that places to rent or lease are exceedingly scarce, and that inquiries are being made for purchases of property.

Among the deals recently handled by the firm were the exchange of San Carlos property of Mr. Brassy for San Jose real estate; exchange of the restaurant on El Camino Real opposite Selby Lane to Carlo Ferronda; purchase of home by Viola H. Callison, Madrone and Barney avenues, Atherton; purchase by Claude F. Swayze of property on same avenue; purchase by M. P. Parks of Fair Oaks Lane acreage; purchase by Thomas Maguire of 8th avenue property.

In Redwood City, the purchase by Carl E. Wachsmuth of the frontage on Arlington road from Irene M. Pauly; purchase by Edward Singleton of Oak avenue property; purchase by Guido Bianchi of Valota Park property; purchase by N. Craviotto of home of Irving Dunn; purchase by James F. Mann of Axel Sundberg home; in Menlo Park; purchase by Dudley Harkleroad of J. C. Doolittle property.

Golf Ball Machine Not to Bring Fine

Because there was some question as to whether or not the machine was illegal, the golf ball dispensing coin device seized by sheriff's officers early this month from the California Golf Course near Baden did not bring a fine for its owners, but instead the case was dismissed when it was called in the court of Justice of the Peace Wade H. Clay, the judge reported today.

He added the machine probably would be returned to its owners.

Natives living near the Orinoco river of South America eat mud. They scamper down to the banks after a flood and roll the sediment into small balls about the size of an orange. These are dried and eaten in bowls of soup at their feasts.
